LiveIn™

THE SIMU CONNECTED SOLUTION

simu-Hz technology

TO CONTROL YOUR HOME'S SIMU-HZ EQUIPMENT FROM A SMARTPHONE OR TABLET.

A unique experience to control your Simu-Hz devices: Whether you're at home or on the move, the LiveIn app lets you control your home's devices with a smartphone or tablet. Simple, intuitive and customisable, it gives all users the opportunity to get exactly what they need from their home... with greater comfort, safety and energy savings.

Practical functions: more than just direct control of devices, LiveIn also provides a scenario function which enables you to perform a sequence of commands on several devices at the same time with a single click. Thanks to advanced time clocks, the schedule function means the user don't have to worry about his equipment on a daily basis.

A simple solution: LiveIn is a free app that is iOS and Android compatible, coming with a connected plug Wi-Fi/ Simu-Hz which controls the Simu-Hz devices. LiveIn is simple to install, thanks to its included start-up guide. Its simplified user-friendliness and user menus make it easy to browse the app every day.

A scalable solution: you can upgrade your system controlled with LiveIn at any time: add new devices or use new smartphones and tablets with the app to control your home.
