PROGRAMMABLE REMOTE CONTROL

TIMER EASY

simu-Hz[®]
technology

AUTOMATION BECOMES CHILDPLAY

- **The comfort of automatic central control:** TIMER Easy enables 1 opening and 1 closing per day of all the house's roller shutters to be programmed.
- **Ready to use:** For easy and quick setting, it is delivered already programmed. Opens at 7.30 am and closes at 8.00 pm, and automatically changes for winter/summer time (Paris/Europe time zone).
- **Programming is easy to change:** Thanks to the «memory» function, simply pressing the up or down button for 8 seconds saves the current time for the opening or closing of the roller shutters every day.
- **Can be personalised:** TIMER Easy also enables a more specific programming to be set, to open and close the shutters at different times on work days and on rest days.
- **More safety:** When you are away, the house will appear lived-in thanks to the occupant presence simulation which, when set, randomly opens and closes shutters from 0 to + 30 minutes.
- **Flexible use:** TIMER Easy can easily be switched off at any time and used only as a manual centralised system.

Committed to you

OPERATING PRINCIPLE

- 2 possibilities in automatic mode:
- Daily mode: same program every day.
 - Work/rest mode: one program on work days and another one on rest days.

TECHNICAL SPECIFICATIONS

- PRODUCT CLASS** class III
POWER 2x1.5V batteries - LR03 AAA type
OPERATING TEMPERATURE from +0°C to +45°C
PROTECTION INDEX IP 20
RANGE ~ 200 m in free field
~ 20 m between 2 reinforced concrete walls
(it depends of the environment and of the pollution)
RADIO FREQUENCY 433.42 MHz
COMPATIBILITY Hz Motors and external Hz receiver
CERTIFICATION CE
